

THE LODGE

The setting of the luxurious RockFig Safari Lodge in Timbavati provided the inspiration for the architect and interior designer to create a relaxed ambience with an authentic bush feel.

Many of the pieces of furniture in the lodge were commissioned from local artisans, while the colours take inspiration from the Rockfig tree and the area's lovely lichen-spotted rocks.

A dip into the pool perfectly symbolises the feeling of being immersed in the rhythms of Timbavati.

SUITES

RockFig Safari Lodge features just six chalet-type suites, making it ideal for exclusive-use bookings for families or groups of friends.

Although guests are always conscious of where they are, no stone is left unturned in the quest for comfort and luxury, with each suite featuring both indoor and outdoor showers, a private verandah ideal for romantic candlelit dinners, a minibar and a bath.

The boma area becomes the focal point on starry nights, as the crackles of the firewood compete with the cackles of hyaenas and the hushed, happy whispers of guests.

LODGE DINING

If you have a taste for adventure, the lodge dining experience at RockFig Safari Lodge will more than whet your appetite. The menu reflects the richness of the location, with locally sourced ingredients.

The open-plan kitchen is a favourite with younger guests, who love to sit at the counter and watch their meals being prepared.

Eating at RockFig Safari Lodge can be as formal or informal as you like. The indoor and outdoor dining tables are just two of the places at which you could find yourself eating. Enjoy a romantic dinner in your room, toast a special occasion on your private verandah, or mingle on the exterior lounge deck or by the pool, both overlooking the waterhole.

EXPERIENCES

Set in the heart of Timbavati Private Nature Reserve, adjacent to the famous Kruger National Park, RockFig Safari Lodge is well situated for forays into the African wilds. Game drives allow you to cover an extended area in the comfort of an open vehicle, while walking safaris put you right on the ground which offers an intimate experience with nature.

Whichever you prefer (and we suggest you try both), these exciting activities – and their inevitable wildlife encounters – are sure to get your blood pumping.

"Family spirit runs through this story, even more strongly than the seasonal Ross River runs through the Timbavati."
